LPN WAGE INCREASE FY 2008

Begins October 2007

FORMULA

subtract the year graduated LPN	$2007 - 2002 = 6$
subtract any <u>full</u> years off	$6 - 0 = 6$
<u>add one year</u>	$6 + 1 = 7$
equals your step	<u>you should be on step 7</u>

Step you are on now* _____ Correct Step _____

It is important that the data is accurate. You must count any year you worked even 1 day in that year. Even if the data doesn't change your raise amount, please make sure your information is correct.

Fax this form to the hospital and the VFNHP if your years of experience and/or your step are not correct.

Thank you.
